

PLEASE USE THIS CAMERA TO TAKE A PHOTO OF YOUR FACE

Why do we need a photo?

-  We need to **verify** that you are the correct patient.
-  We want to **protect** your interests and data through increased biometric accuracy.
-  We can **ensure** proper treatment and care.
-  Increased administrative efficiency.

Our **POPIA compliant** software is designed with best-practice security encryption features to **protect your information** and **guard your identity** against criminal activity.
